Why Support the CDA?

Every year about 35% of Kindergarteners in North Fulton start school with no formal preschool. Research shows that early childhood development drives success in school and life. Yet, for most families the CDA serves, preschool is an unaffordable luxury. Our families typically have an average household income of just \$27,000/year. That's why, with community support, the CDA applies generous scholarship amounts to its families on a sliding scale based on household size and income. Many children attend for free, those who do pay something, pay on average \$75/week which includes 7am-6pm school hours, two nutritious meals and a daily snack. Additionally, the CDA operates in accordance with NAEYC's strict teacher to student ratios and hires experienced, well-educated teachers.
